

Lead Article Magazine Layout

One more practice before you create your own main magazine spread.

You must have the following:

- Headline: Secrets to Good Canine Health
- Deck: What To Include and What to Avoid
- Byline: Elizabeth Pask & Laura Scott
- Lead: Use the copy I have supplied for you.
- Art: Use a Google image of a dog that fits your style of your magazine & goes with the article.
- Folio: Ruff Life March 2015 (page) 34 & 35
- Caption: Choose a quality quote from the article.

Remember everything should stay in the theme and style of your cover. You are allowed to use Google this time to help supplement images. In the words of great anchorman Ron Burgundy, STAY CLASSY!

You have this week to work on this and I will give you a worksheet for your own personal layout on Thursday.
