

Personal Logo

Good morning,

I am sorry I cannot be here today. I am home taking care of this sad sick baby. I know you were all very excited to hear about the history of logos, but alas that lecture will have to wait.

So today you will start in on your personal logos. Here is what you will do:

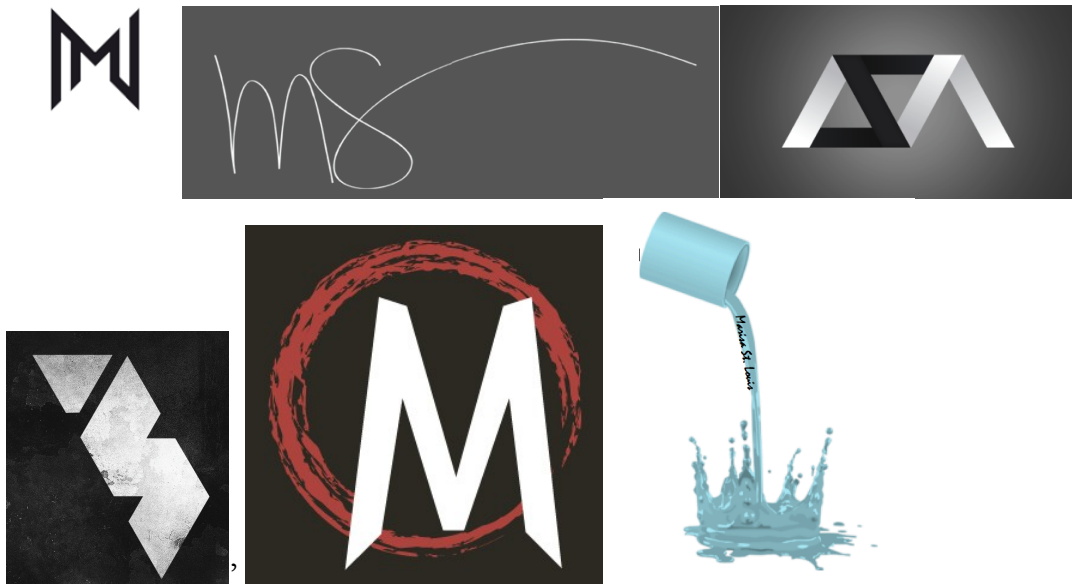

1. 5 Logos with **just** one letter of your name.
2. 5 Logos with two or three of your initials, nothing else.
3. 5 Logos with your entire name.
4. 5 Logos with your name/initial(s)/ and a basic shape.
5. 5 Logos with your name/initials(s)/ and a complicated/intericate shape.

Now yes I know you feel this is a lot of work. I am not sorry for making you do work in school in order for you to earn a grade.

I have added some ideas and some things that I was able to scrape together as my computer is at school.

Good luck. I will see you tomorrow. Remember that it is common planning Wednesday and they are running a passing period intruder on campus drill. Be the good studnets I know you can be.

-Mrs. St. Louis
